Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the *Construct San Angelo Airport Air Traffic Control Tower* project in Fiscal Year 2027. The entity to receive funding for this project is the City of San Angelo, located at 8618 Terminal Circle, Suite 101, San Angelo, Texas 76904. The funding would be used for the design, engineering, and construction of a new air traffic control tower to replace the existing aging and deteriorating facility. The project is an appropriate use of taxpayer funds because it ensures continued aviation safety, supports commercial, military, and general aviation operations, and strengthens critical infrastructure that underpins regional economic activity and national security operations along the southern border.

The project has a federal nexus because the funding provided is for purposes authorized under **49 U.S.C. § 47102 and § 47104**, which establish the Federal Aviation Administration's Airport Improvement Program and authorize grants for airport planning and development, including air traffic control facilities and safety-related infrastructure.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

August Pfluger
Member of Congress
