Congressman August Pfluger
1531 Longworth House Office Building
Washington, DC 20515
Sent Via E-mail

Dear Congressman Pfluger:

On behalf of the Odessa Chamber of Commerce, we would like to submit the following transportation funding requests for on-system, TXDOT projects here in the Odessa area:

- Reconstruction of US 385 in Downtown Odessa
- New Construction Overpass at Loop 338 and South US 385

US 385 is part of the National Highway System and the segment of US 385 at Loop 338 is also part of a National High Priority Corridor (La Entrada al Pacifico).

We are in support of the following requests from Midland County, including:

- New Construction Overpass at SH 191 and Yukon

This project is in Midland County but is also in the City of Odessa and is a significant part of both public and private sector investments on the Yukon Corridor.

These projects are all included in the current Statewide Transportation Improvement Plan (STIP) and the Permian Basin MPO's Transportation Improvement Plan. All projects have cleared environmental clearances and engineering and design work is either completed or substantially complete and could go to construction within two years.

We would appreciate your consideration and support for these requests in the upcoming Surface Transportation Reauthorization process or in any other infrastructure funding venue.

Detailed information for both of our submissions is attached, which should provide you the necessary information needed. However, if you have any questions or need any additional information, please feel free to contact us.

Sincerely,

Stacey Brown
